

## for Internal Multi-location Meetings in the Healthcare Sector

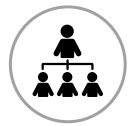

*A multi-hospital chain faces the challenge of keeping all branches connected. With institutions set up in different cities, it is a major challenge to host an internal conference at a single location involving the management, senior physicians and nurse staff from all branches.*

### The Issue

High costs of travel and accommodation for all attendees.

Coordinating with multiple branches on key factors such as time, date and location of meeting.

Risk of cancellation due to unforeseen events resulting in the institution incurring heavy losses.

### The PeopleLink Solution

#### The PeopleLink Solution

#### PeopleLink InstaVC:

#### Connect, Discuss, Review

- HD video conferencing on low bandwidth.
- Multi-party conferencing with over one hundred participants.
- Attendees join conference from anywhere.
- Works on all smart devices.
- Eliminates cost of travel, accommodation and setting up at a physical location.

### What are Your Needs:

To conduct quarterly/yearly internal multi-location meetings involving medical staff from all branches.

Effectively review financials and discuss the performances of each branch and expectations for the following quarter/year.

To announce budgets, expansion plans and the introduction of new policies or technologies to all stakeholders at once.
