

for E-Tutoring in the Education Sector

Geographically dispersed campus mean that there needs to be a technology solution to enable distance-learning programs with reliable and intuitive online tools that will optimize interaction between students and teaching staff.

The Issue

The PeopleLink Solution

What are Your Needs:

The need to deliver lessons and content online for anytime and anywhere access.

PeopleLink Acumen: **viVirtual Classrooms**

- Create real time, virtual collaborations.
- Remote synchronous learning (structured courses) & Asynchronous learning (flexible courses).
- Content discovery & course suggestions.

The ability to facilitate distance-learning programs to give teachers and learners the tools to readily and remotely access content?

The need to have a learning management system.

PeopleLink Acumen: **Manage Teaching**

- Create courses, offer video lessons, course subscriptions.
- Ensure lesson plans are followed & syllabus is completed.

Enable efficient knowledge transfer?

The need to ensure that the content delivered to students across and within campuses is standardized.

PeopleLink Acumen: **Standardize teaching delivery**

- Central content repository & Control pedagogy.

Facilitate cross-campus standardization?

The need to relay in real-time information across multiple locations of important events.

PeopleLink Digital Podium

- Integrated unit to centrally control projector, AV Setup, etc.
