

for Internal Multi-location Meetings in the Banking Sector

A bank or other financial institution with multiple branches faces challenges in keeping all of them connected. A simple and effective video conferencing solution empowers staff and management in different locations to collaborate via virtual meeting and simultaneously cut-out transit and other operational cost.

The Issue

The need to ensure that content delivered to trainees across branches is standardized.

The need to provide for a streamlined recruitment and review process for expert trainers and trainees.

The need to have the software and hardware in place to enable digital communication across branches.

The PeopleLink Solution

PeopleLink Acumen: Standardize teaching delivery
