

for OT SOLUTION in the Healthcare Sector

Expert guidance from a senior physician during an urgent surgical procedure. Complex procedures may require specialist supervision at a time when a specialist in the concerned field of medicine is unavailable.

The Issue

Shortage of experts makes it difficult for the hospital to cope with extremely sensitive cases.

The problem of time and distance in bringing in an expert from elsewhere.

The PeopleLink Solution

The PeopleLink Solution PeopleLink InstaVC: Collaborate virtually

- HD video conferencing on low bandwidth.
- Uninterrupted, clear-cut view of patient.

PeopleLink Six Channel Inbuilt Video Mixer

- Unique 6 camera OT setup.
- Comprehensive, HD view of events in OT.
- Eyes on patient, nurses and support staff, patient vitals.

What are Your Needs:

To have an expert monitor the patient's condition and supervise the surgical procedure from the first minute.

Step-by-step guidance to ensure the surgery is performed successfully.
