## PeopleLink Quad Speakerphone 6

Watch Video 

Quad Speakerphone 6 is a professional HD USB speakerphone with an intelligent outline. It's suitable for a variety of environments, especially for small and medium conference rooms. It can also connect to other terminal devices via Bluetooth, simplifying conference room cabling.

An easy connection achieves efficient video and web conferencing. It's easy for each attendant to hear and be heard from remote communication. Quad Speakerphone 6 is a professional speakerphone that is easier to deploy, greatly improving meeting efficiency.

Quad Speakerphone 6 has perfect extension capabilities. When in demand for a larger conference room or group discussions, another Quad Speakerphone 6 unit is needed. The extension unit has a speaker and microphone system. Two Quad 6 units simultaneously work in the same space, double the cover space of the meeting room and the number of participants. The sound of the main unit and the extension unit are completely synchronized, and they can control each other at the same time.

With a delicate and fashionable outline, the Quad 6 series has simple LED indicators showing every status. The Built-in large-capacity 3.7V / 4000mAh battery gives the speakerphone a long talk time.

### Key Features

- 4 mic array, 4 meters radius intelligent pickup, up to 85dB speaker volume
- Intelligent noise reduction, echo cancellation, AEC, full- duplex voice communication
- Support USB/Bluetooth
- LINE IN/OUT interface, connect to the conference terminal
- Supports one extension unit
- Come with Three-party call function
- Built-in rechargeable battery

## General Specifications

### Quad Speakerphone 6

#### Specifications

- **Connection:** USB & Bluetooth
- **Built-in Mic:** 4
- **Best Pickup Radius:** 4m
- **Speaker Volume:** 85dB
- **Sampling Rate:** 48KHz
- **Voice Pickup:** 360°
- **Interface:** Type-B, RJ45, Line in/out
- **Microphone Frequency Response:** 100Hz - 22KHz
- **Speaker Frequency Response:** 100Hz - 22KHz
- **Dimension:** 152mm x 152mm x 40mm

#### Audio Parameters

- Echo Length Cancellation  $\geq 500$ ms
- Deep Echo Cancellation  $\geq 65$ dB
- Two-way Noise Compression  $\geq 18$ dB
- 3A Algorithm: AEC / ANS / AGC

#### Extensible Parameters

- **Extensions:** Supported, support connection of 1pc Quad 6 extension unit

#### Battery

- Built-in battery capacity for Bluetooth
- **Models:** 3.7V / 4000 mAh

#### Others

- Quad speakerphone 6 + 1 extension unit to apply to a large-sized room
- The extension unit has the function of voice pickup
- The extension unit is connected through 5-meter cable of Rj45

### PeopleLink Quad Microphone Extension

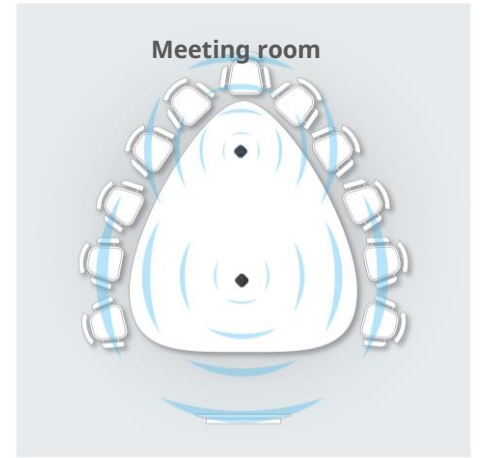

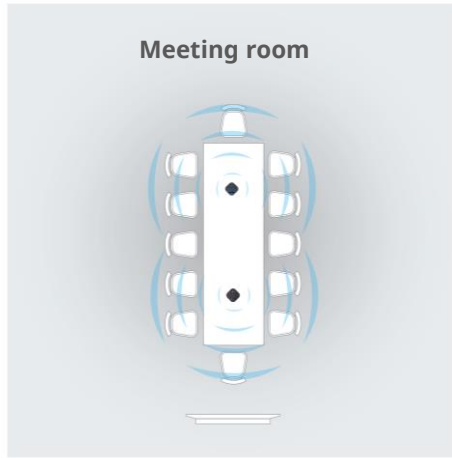

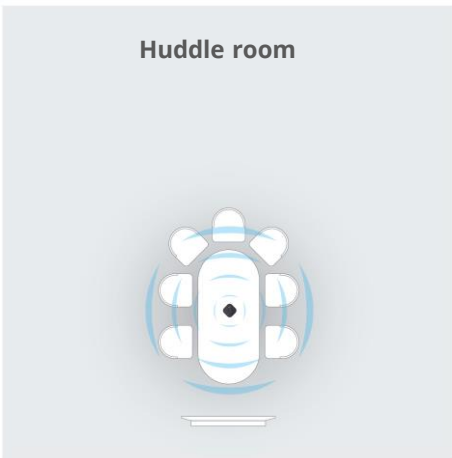

#### Specifications

- **Built-in Mic:** 2
- **Best Pickup Radius:** 4m
- **Speaker Volume:** 85dB
- **Sampling Rate:** 48KHz
- **Voice Pickup:** 360°
- **Interface:** Rj45
- **Microphone Frequency Response:** 100Hz - 22KHz
- **Speaker Frequency Response:** 100Hz - 22KHz
- **Dimensions:** 152mm x 152mm x 40mm

#### Audio Parameters

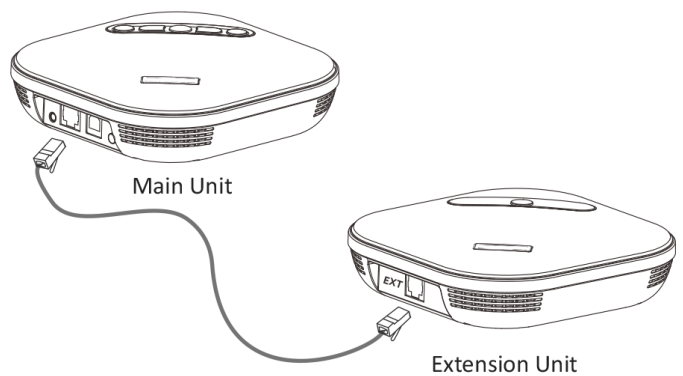

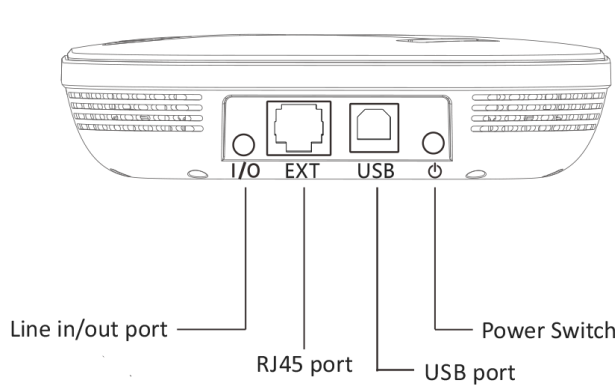

- Echo Length Cancellation  $\geq 500$ ms
- Deep Echo Cancellation  $\geq 65$ dB
- Two-way Noise Compression  $\geq 18$ dB
- **3A Algorithm:** AEC / ANS / AGC

## Application Scenarios

**Disclaimer:-** Room setup diagrams are provided for reference only. Actual room setup and size may vary as per requirements.
